Step 3: Join the online classroom.

Please join the class group by scanning the DingTalk QR code, which will be posted by email before the project starts.

Step 4: Participate in online courses.

Please click "Class Group" on the interface. Students sign in, then attend the online courses. Students can watch the live course and participate in class activities.

Step 5: Complete and submit homework.

Students can view homework tasks and upload their products in different forms, such as pictures, documents, audios, videos, etc.
